1. Purpose of This Addendum

The purpose of this Addendum No. 2 is to provide the Optional Features Checklists referenced in the RFP as being part of Attachment A. These checklists were inadvertently omitted from the original RFP posting.

[Choose one — you should decide and keep it consistent]

- The Optional Features Checklists are **for informational purposes only and will not be scored, OR**
- The Optional Features Checklists **may be considered during evaluation** as part of the overall proposal review

(I recommend “informational only” unless your evaluation criteria already reference optional features.)
